Dear Friends,

We have been remiss in getting Israel's Hope together.

We have been busy serving in our church as well as ministering in other areas during the last number of months. Some of our activities are in this newsletter.

We are grateful for those who support us. May God bless you for this.

With Thanksgiving and Christmas fast approaching, our prayer is you have a blessed time during these holidays.

We will be in Dallas with Mark's brother for Thanksgiving and home in Ocala over Christmas.

In Messiah,
Mark and Cheryl

CHOOSE YOUR POISON!!! MARXISM or ISLAM

The results of the elections yesterday in New York, New Jersey, and Virginia has shown the moral vacuum and historical ignorance of a large part of the U.S. population. Marxism or Islamism is now the preferred philosophies of a large percentage of the citizens of this country. It is not just the election results but what has been developing over the last number of years with the left and the Democrat party.

Who would have thought that 25 years after the Islamic attack of 9/11/2001 there would now be a Muslim mayor of the primary city attacked. Never forget!? It didn't take long.

G.J.O Moshay in his book, Who is Allah?, perceptively wrote:

"So, all Islamic leaders who come to British and American Church leaders for inter-faith cooperation are either defying the instructions of Allah or they have a hidden agenda. The Islam of the 7th century A.D. is the same today, probably under new guises as the situation demands. It is the same tactic of "No compulsion in religion" that Mohammed first adapted to Christians and Jews, that Muslims are using in the Western world today. Migrate to Christian areas because they are tolerant. Pretend to be peaceful, friendly and hospitable; begin to clamour for religious, political and social rights and privileges that you will not allow to Christians in an Islamic country; breed fast there and settle down; there should be no Christian activities in your community; you may speak or write to discredit their religion, but they must not talk about Islam; begin to expand your community; Christian activities should be restricted in all the places you expand to; the moment you have enough military might against these 'disbelievers', these trinitarian kaferis, go ahead and eliminate them or suppress them as much as you can, and be in control. Where immediate invasion is not possible, that has always been the policy."

G.J.O. Moshay, Who is this Allah?, Dorchester House Publications, 2nd edition 1995, page 25

You said you would never forget.

They said they would destroy us from within.

"No nation under heaven could touch Israel for ill without bringing down upon them the wrath of almighty God. The pages of history are strewn with the wreckage of nations who, though great in the eyes and councils of the world, incurred the just wrath of an outraged God. While God reserved the right to judge His chosen people for their sins, He also reserves the right to judge those who spitefully treat the Jews, and thus bring reproach on the One who made an everlasting covenant with Israel."

MASTER THE POSSIBILITIES

On every Monday in the month of September, Mark taught on *Israel in the Plan of God* for 2 hours each session. This was the third time Mark has taught this subject for *Master the Possibilities*. The first class in March 2024 had 47 registrants. The second class in September 2024 had 26 registrants, and this latest class had 13 registrants. Although the class was smaller the response was encouraging. Here is a copy of the critique form.

JEWISH CLUB

On October 19, Mark was the speaker at the monthly meeting of the Jewish Club. About 4 times a year, the club has a speaker that addresses the club for about a 45 minute time frame. The members of the club are invited to submit topics for consideration. In February of this year Mark submitted the topic, *Modern Jewish History and Divine Providence*. Mark would be addressing the important dates of 1897, 1917, 1947 and 1967 in the history of Israel and the Jewish people and God working behind the scenes, as in the events in the book of Esther, to bring these events to the world stage and fruition.

A number of emails went back and forth between Mark and the president of the Jewish Club board. Bruce, the board president, told Mark he was the most vetted speaker in the history of the club. It was known that Mark is a believer in Jesus as Messiah and they wanted to make sure that his presentation would not speak of Jesus, the Second Coming, or related events.

On Sunday afternoon, October 19, there were upwards of 100 people in attendance at this meeting. Most of the people were secular Jews and likely atheistic or agnostic in their belief with a smattering of religious Jews present and a small number of Gentiles. My hope in speaking on this topic was to provoke interest and consideration that there is a God, He is active in the life of modern day Israel, and, hopefully, provoke an interest in looking further into what God is doing in our world.

When the message was finished, Mark had many comments about how good, interesting, and provocative it was. In the November edition of the club newsletter the presentation was summarized in the following way:

Club member Mark Robinson provided one of the most thought-provoking and talked-about presentations in recent club history when he spoke on the "Modern History of Israel and Devine [sic] Providence" at the October 19 meeting at the Arbor Conference Center dance studio I-IV. Mark, who has been to Israel 32 times, is a frequent presenter at Master the Possibilities, has spoken nationally and written extensively on Israel. He claimed historical events in the years 1897, 1917, 1947, and 1967 showed "G-d is orchestrating history", Mark said. He used the 1st Zionist Congress in 1897, the Balfour Declaration in 1917, the partition of Palestine in 1947, and the Six Day War in 1967 as evidence of G-d's intervention in Israel's history. "Historical chance or devine [sic] providence?" he asked.

Will any of the members seek for answers to our world problems as a result of the talk? God knows. In my preliminary emails with Bruce, he asked: "Parenthetically and rhetorically, if G-d is overseeing Jewish history how come so many evil things happen to the Jews?" I told Bruce, "I know rhetorically you are not looking for an answer to 'how come so many evil things happen to the Jews?' There is an answer. I would be glad to provide it if you are interested." Unfortunately, at this time he is not interested in discussing this. He told me after the talk how interesting and thought provoking the presentation was.

JAKE AND DEBORAH and FAMILY

It is a joy to have Jake and Deborah living close to us. The 30 minute drive is done almost weekly as they come to visit us with our grandchildren, Rhett and Maisie.

Maisie's third birthday was on September 29, but because of our travel schedule it was celebrated on October 25. We admit a bias but we DO HAVE the cutest granddaughter this side of the Mississippi (the other side as well).

It is also a joy to announce that our third grandchild will, Lord willing, be coming into this world in late March or early April of 2026. Praise the Lord for this blessing!

MINISTRY IN TEXAS

The first weekend of October Mark had the privilege of being the key note speaker at Creation Evidence Museum's dedication of, according to their researchers, one of only five fully complete collection sets (Genesis through Malachi) of the ancient Old Testament Hebrew Scrolls in existence and the only one available to the public. The museum is located in Glen Rose, TX.

If you think Moshay is wrong consider Dearborn, MI the first Arab majority city where the mayor recently said to a Christian, you live here but are not welcome here. And the proposed Islamic city in Epic City, TX where Sharia law would be established. Or that there are now 4 Muslims, all Democrats, sitting in Congress. And the number of Muslims elected around the country to a governmental seat.

Mamdani is not just a Shia Muslim, he is a Marxist or in his terminology a Democratic Socialist. The Democrat Party, today, is Marxist (Socialist) in its makeup. Socialism is the opposite of why the U.S.A. was founded and what it has stood for.

Both philosophies are destructive!!! Choose your poison.

As Bible believing Christians we are called to look beyond any particular religious or political philosophy. Our citizenship is in heaven (Philippians 3:20) and we should be looking for the (any day) return of our Lord.

I have written many times that the U.S.A. is finished as a nation. God's judgment, in my opinion, has been upon this nation for around 70 years. The U.S. is not mentioned as a nation in the end times in the Bible. I believe what is happening with the march of Marxism in the U.S. and the encroachment of Islam, is we are seeing the seeds of our own destruction. God may be using one or both of these philosophies to destroy this country.

Don't despair though. The answer is not to try to change the political landscape or fret over what is occurring. Jesus said we are to occupy until He comes. Our call! The believers answer! Serve the Lord with whatever time may be left.
